

NSSC News....April 2, 2004

Bi-weekly publication of NSSC news and events

NSSC Mission: "To establish a consolidated shared services organization that will provide higher quality, more cost effective and efficient services for selected NASA business and technical services."

MEO on the road

The Most Efficient Organization Team or "QUESTeam" has begun its series of introductory visits to the Centers to ask for ideas and participation from Civil Servant employees in functional areas impacted by the move to shared services.

Road show schedule is as follows:

GRC - Friday, March 26 (complete)
GSFC- Thursday, April 1 (complete)
KSC - Monday, April 5
ARC - Tuesday, April 6
DSFC - Wednesday, April 7
JSC - Thursday, April 8
MSFC - April 13
SSC - April 14
LaRC - April 20

Lisa May is the leader of the Government MEO team. The Team's functional leads are: Ledetria Beaudoin (Financial Mgt), Ron Kent (Human Resources), Karin Huth (Procurement), and Luke Weaver (Cost). Peggy Phelps is the A-76 Human Resources Advisor.

PWS update

The Performance Work Statement (PWS) team, lead by JSC's Cathy Claunch and KSC's Dave Shelton, has worked hard over the past six months to release a draft of the PWS. The draft was released March 29 for industry (and including the NASA MEO Team) review and comment.

Kudos to the team for their commitment and hard work! Here is a link to the PWS:

Integrated Calendar

An integrated calendar of NSSC team events is being coordinated and will be distributed to the Agency and Center Transition Teams on a monthly basis.

Site selection

Six NASA Centers sponsored site nominations that are under review—GRC, JSC, KSC, LaRC, MSFC, and SSC. The NASA Administrator and Deputy Administrator visited the sites personally. The evaluation team will submit a "Report of Findings" for the Administrator to review. Stay tuned...

Key dates

A76 Public-Private Competitive Sourcing

- ✓ July 2004 – RFP Release
- ✓ May 2005 – Award Contract

NSSC Operational

- ✓ October 2005

Phased Transition of Activities

- ✓ October 2005 through October 2007

If you have any comments, suggested topics or would like to add something to the calendar send an e-mail to: elizabeth.a.cooper@nasa.gov
